<b>Mel Levine "all kinds of minds" assessment profile</b>	<b>PACE assessment profile</b>																																				
<b>Attention:</b> the ability to concentrate, to focus, to finish tasks, and self control	Input		X	X		X	X			X	X	X		X		X		X		X		X															
<b>Temporal-Sequencing Ordering:</b> includes understanding time and sequence of various items of information	Processing Speed		X		X	X															X					X	X	X	X	X	X	X	X	X	X		
<b>Spatial Ordering:</b> The ability to manipulate 3D objects in the imagination	Discrimination Visual Processing		X	X	X	X					X	X	X	X	X						X	X	X	X	X	X											
<b>Memory:</b> The ability to store and recall information	Memory			X				X	X	X	X	X	X							X						X											
	Memory (visual)			X						X																											
	Memory (auditory recall)							X																													
<b>Language:</b> Involves may separate kinds of abilities such as word pronunciation, awareness of various sounds, comprehending symbols, syntax understanding, and story telling	Comprehension Discrimination Auditory Processing	X X																										X	X	X	X	X	X	X	X	X	
	Discrimination (orientation = reversals)		X			X				X																											
	Discrimination (shape, size, orientation)			X		X																															
<b>Neuromotor Functions:</b> This has to do with coordinating motor or muscle functions and body awareness	Output					X									X	X	X	X	X							X											
	Output (visual span)				X	X				X	X																										
	Output (saccadic fixation)					X									X																						
	Output (pursuit)							X																													
	Output (fixation)			X	X		X																														
	Output (Integrative motor)															X		X																			
	Output (auditory-fine motor integration)																	X																			
<b>Social Cognition:</b> Has to do with the ability to make friends or work in groups																																					
<b>Higher Order Cognition:</b> The understanding and solving problems, interpreting new information and creative thinking e.g. puzzles	Reasoning/Problem Solving Comprehension	X		X	X					X					X
